FROM THE YSEF PRESIDENT

The new millennium witnessed phenomenal nationwide growth in local, independent education foundations. Shortly thereafter, several York County school districts established education foundations. In turn, a York Suburban community steering committee began meeting in 2007 to determine the feasibility of a similar endeavor for our community. The diligence and vision of this group set the framework and mission that enabled the school board to unanimously adopt a resolution of support in March of 2008. As a result, the official organization of the York Suburban Education Foundation (YSEF) was formed.

Dedication and passion are vital to the success of any volunteer organization, but meteoric is an accurate description of our inaugural efforts as we exceeded board projections. To date, very successful fundraising campaigns and a "Celebration of Excellence" Gala were held raising a combined total of \$98,485. Including funds from the PA EITC program, the education foundation was able to support \$24,990 in enrichment programs and establish the framework for the endowment.

I would like to express my gratitude and appreciation to all past and present board members included in this publication. Their commitment and devotion to this effort are remarkable. Those serving in outstanding leadership roles deserve recognition:

- **Ed Paskey** as vice-president
- **Jim Mills** as secretary and ardent visionary
- **Dennis Younkin** as treasurer and finance committee co-chair
- **Sarah Reinecker** as governance chair
- **Kent Ketterman** as resource development chair
- **Albert Blakey** as co-chair of the finance committee and technical expertise
- **Mark Schmidt** and **Sharon Whittle** as co-chairs of the fund distribution committee
- **Linda Slenker** as marketing/PR chair
- **Kristin Marquis** and **Sarah Perkins** as co-chairs of the special event committee
- **Doug George** as EITC resource
- **Steve Hovis** as collaborative effort task force chair

From the community:

- **Dave Meckley** as an advisory resource
- **Keith Gee** as strategic planning facilitator

Lastly, I would like to acknowledge the school district for providing meeting space and **Dr. Kate Orban**, superintendent, for her support of this partnership with the school district.

In these difficult economic times, along with the school district, we will continue to strive for excellence in education. Know that your support of our current and future efforts will enhance academics and innovation. I am proud to have founded this foundation and grateful for the opportunity to lead it; however, none of that would be possible without an exceptional board of directors and a generous and supportive community. Thank you so very much.

Cathy Shaffer, President

OUR MISSION

The York Suburban Education Foundation is an independent, non-profit organization providing funding for innovative programs that enhance the educational experience and foster continued academic excellence for the district students.

Steering Committee

Thank you to this dedicated group of community volunteers who began meeting in 2007 to determine if York Suburban could support an education foundation. Due to their commitment and vision, one year later, YSEF was officially formed.

EITC Tax Credit

The York Suburban Education Foundation (YSEF) has been approved by the state's Department of Community and Economic Development as an Act 48 organization. This means businesses that fall within the Educational Tax Credit Improvement Program (EITC) tax guidelines may apply for tax credits when they make contributions to educational improvement organizations like YSEF.

Businesses subject to the following taxes may apply to the Department of Community and Economic Development (DCED) for tax credit:

Corporate net income tax, capitol stock franchise tax, title insurance company shares tax, insurance premiums tax, bank and trust company shares tax, mutual thrift institutions tax, personal income tax of "S" corporation shareholders or partners in a general or limited partnership.

Eligible businesses that submit an application to the DCED and agree to make a contribution to an educational organization shall be awarded tax credits up to \$300,000 per taxable year. If a business agrees to contribute to the same organization for two consecutive years, its tax credit may be increased to 90% of the contributions made that year.

For an EITC application, go to www.newPA.com/EITC. The PDF format is recommended when printing the form from the website. All potential donors should consult with their tax preparers before submitting a finalized application.

YSEF GRANT PROGRAM

The YSEF grant program provides grants to teachers, students, administrators and the York Suburban community in furtherance of the Education Foundation's mission.

Types of grants include:

- **Professional** (available to teachers and administrators)
- **Classroom** (available to teachers, students and administrators)
- **Special Projects** (available to members of the YS community, teachers, students and administrators)

To date, the Foundation has awarded nearly \$25,000 in grants for programs that are enriching the lives of students, teachers, administrators, and the surrounding community.

The York Suburban Education Foundation proudly announces that **Block Business Systems** has pledged \$10,000 over a ten year period to support the newly formed non-profit.

"Block's commitment to support the York Suburban Education Foundation helps bridge the gap between the increasing cost of education and insufficient funds. This helps insure our young people achieve their full potential and prepares them to become future leaders in our community, committed to making the world a better place."

John E. Schriver
President, Block Business Systems
